

## BULLET PROOF EQUIPMENTS

### Bullet Proof Helmets

Bullet proof Helmet is for level III A. is made from woven aramid fabric lamination to minimise the weight for comfortable wearing. it also provides protection against small fire arms, handgun up to 9mm pistol, revolver etc.

Visor is not bullet proof its meant only to protect your eyes from impact, smoke particulate etc.

### Bullet Proof Jacket

Police and law enforcement bulletproof vests. Made of Kevlar, along with trauma plate made of ceramic, dyneema And steel. Various sizes available for the threat level II, IIA, III, and IIIA etc.

The undercover bullet proof jacket/vest, elegant for everyday use, in various attractive designs, able to be worn daily by police, shore patrols, people in life threatening situations (politicians, business leaders, money couriers, civil police force, body guards etc.). The style of the jacket/vest is non-military, offers high level of protection, and yet is stylish.

An option for a trauma plate is available. The trauma plate is a maximum of 43mm, and protects the wearer from gunshot. Wearing the bulletproof jacket/vest alone can result in injury from indentation - but the trauma plate is able to absorb the impact of a bullet. This indentation can cause internal injury. A pocket is available on the vest to insert the plate.

Different colours available
